A CROSS the plains, in the dark forest, in the mountains and wherever life could be sustained, when our country was young, lived a man of valor, stamina, and high character. He was a champion in physical activities and in his moral standards. He was honored and respected. This man was the great American Indian!

The Laneite is one who possesses these qualities so inherent in our predecessors.

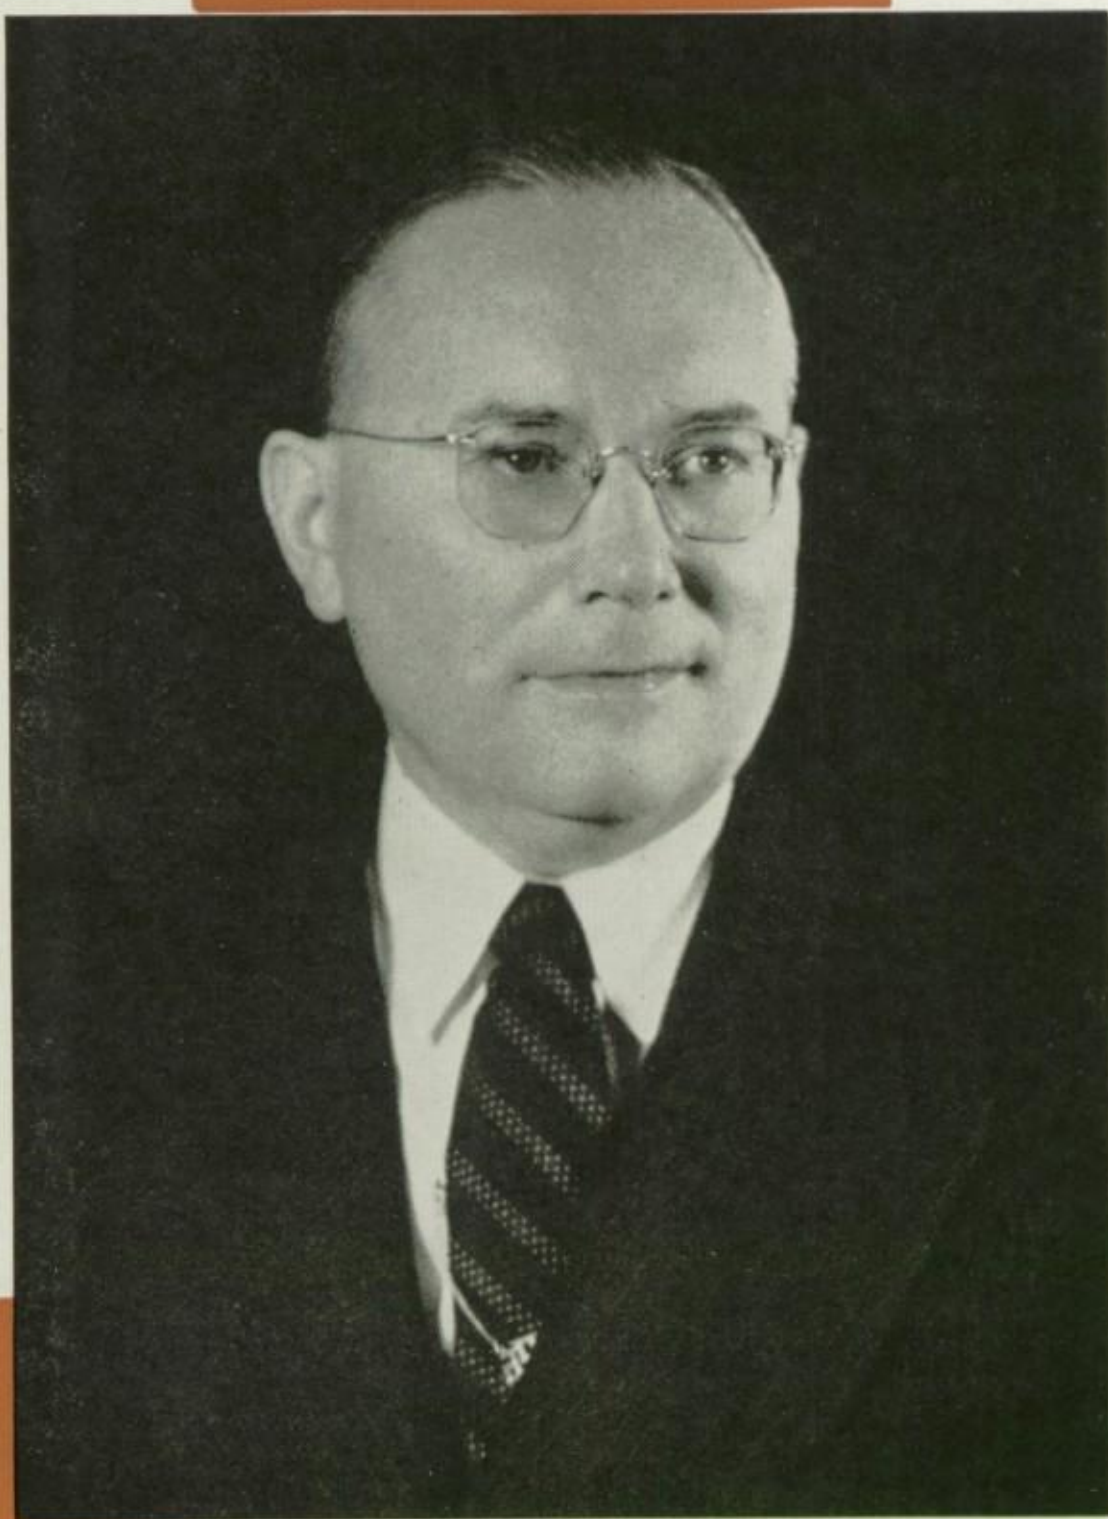

Foreward

ADMINISTRATION

AS THE wise chieftain instructs his Indian braves in the ways of learning, knowledge, and discipline, so the Lane faculty instructs the young men through the stages of secondary education and prepares them for the life ahead.

Principal

James H. Smith

Principal's Message

THE theme of this issue of the Lane Tech Prep is "Indians". It is indeed fitting that our yearbook should have such a theme for, as is known throughout the city and state, Lane is the home of the Lane Indians.

It is common to see headlines on the sports pages of the newspapers telling of another victory of one of our athletic teams in the words "Indians Win". And, as our many visitors walk through the halls or visit the classrooms, shops and laboratories, they frequently comment on the embroidered "Indians" on the Laneites' sweaters. The Indian is truly a Lane Symbol.

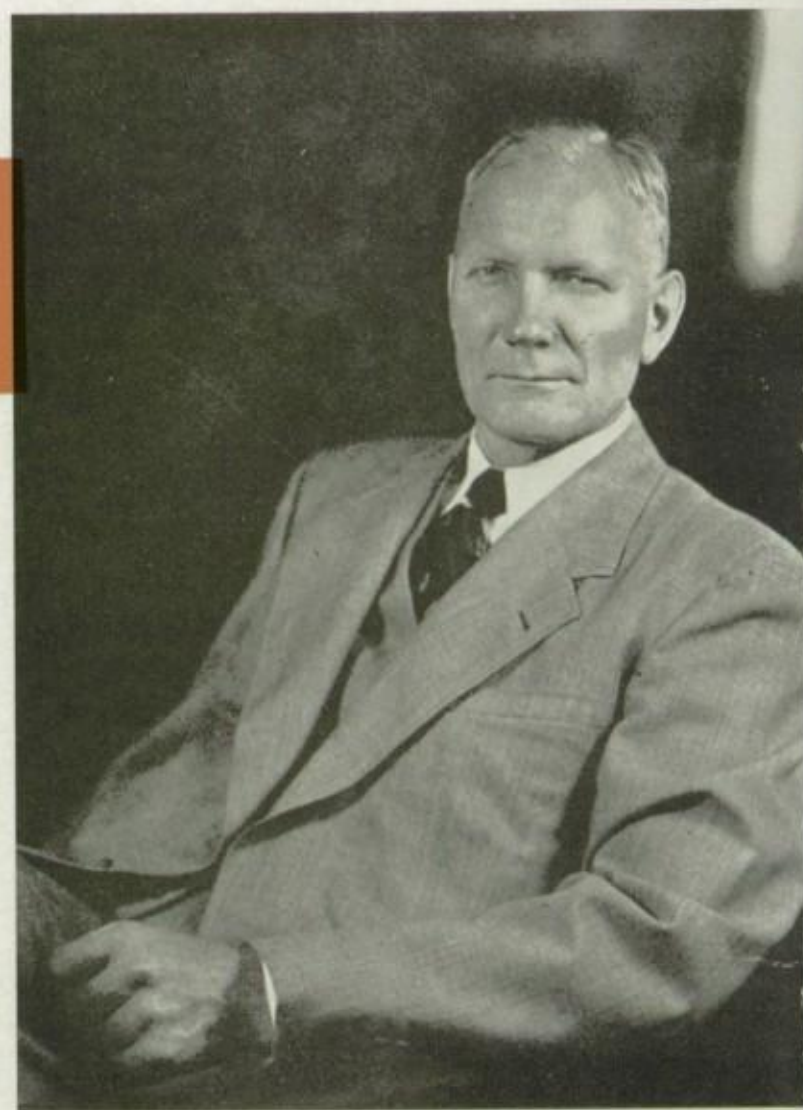

However, the term "Lane Indian" is symbolic in another very real sense. Every boy who enters Lane becomes a "Lane Indian". Forgotten are differences in wealth, race, creed or social prestige. We are all Lane Indians; we all belong to the Lane Tribe. As such we are all Americans, all equal in rights and responsibilities, all bound together with a common bond. Let us always keep it so.

SENIORS

AS THE Indian pulls up stakes and moves on toward new hunting grounds, so the senior leaves high school life and enters a new vocation—perhaps work, armed forces, or college. He has proven himself in his four years at Lane a champion in character, a young man who well represents the "School of Champions".

Class President

Jack Sopkin

On January 26, 1934, Jack was born in Columbus Hospital. After entering Avondale grammar school he soon showed interest in sports and won seventeen athletic medals at Stehman playground. Entering Lane he immediately went out for the football team and track team and won a letter in both in his first year. Last year he was chosen for All-City and All-Chicago area teams. He was captain of the football team, a member of the Latin Club, National Honor Socitey, and Gridders' Hi-Y. After school he plans to go to college, but is undecided as to which one.

President's Message

WE HAVE the distinction of being the smallest class ever to graduate from Lane. But by no means have our achievements been in comparison to our size. What we have gained in friendship, experience and understanding can never be measured in dollars and cents, pounds and ounces.

During my four years, I have come in contact with people whom I'll never forget. Faculty and students alike have left a lasting and pleasant impression on me, and one upon which I will reflect down my journey through life.

I have met people who will someday be doctors, engineers, lawyers or plain everyday laymen. I've seen students who were strong, frail, tall and short, fellows of every different creed and upbringing. Together we were mixed in one melting pot, Lane Tech, and brewed into the greatest of all things, and of which I am mighty proud, good American citizens.

Now as we prepare to depart from our school, we are confronted with the power of communism threatening to conquer the world and take away everything we Americans hold dear, the most precious of all being our freedom. We must make the rest of the world understand that only in unity can we hope to check this malignant growth called Communism from spreading until it has swelled up and devoured everything decent and free.

In a way, our class was faced with the same problems that now challenge mankind, and only through complete and whole-hearted co-operation were we able to make this class of January '52 the successful one it is. If we can transplant the spirit and determination that we have demonstrated here at Lane out in the world, I am sure that you and I will have the foundation for a happy and prosperous life.

I know that all of you have set for yourselves a certain goal in life and I sincerely hope that you will succeed in reaching that pinnacle of success so important in your future. To all of you, from the bottom of my heart, I say, "Thanks."

JACK SOPKIN

JAMES J. HERDEGEN
Vice-President

Jim was born on May 23, 1932. He attended Langland elementary school and came to Lane in 1948, where he immediately took an interest in school activities. He was president of the crew team and a member of the cross-country, track and skating teams. He also was president of the Printers' Club, Sioux Hi-Y, and Rolling Indians; was chief of the hallguards, and a member of the Ushers' Club. Jim looks forward to majoring in physical education, in college.

His ambition is to return to Lane as a physical education instructor and coach.

CLUBS and ACTIVITIES

IN ADDITION to daily activities, the Indians found time for extra duties. The Lane student also finds time for other duties, besides the regular work. they realize without their help the school could not function properly. Safeguarding and keeping our building and reputation clean are important factors.

The clubs also play an important part in school life. The student with that extra yearn to learn more about a subject will find a club to supply him with the information.

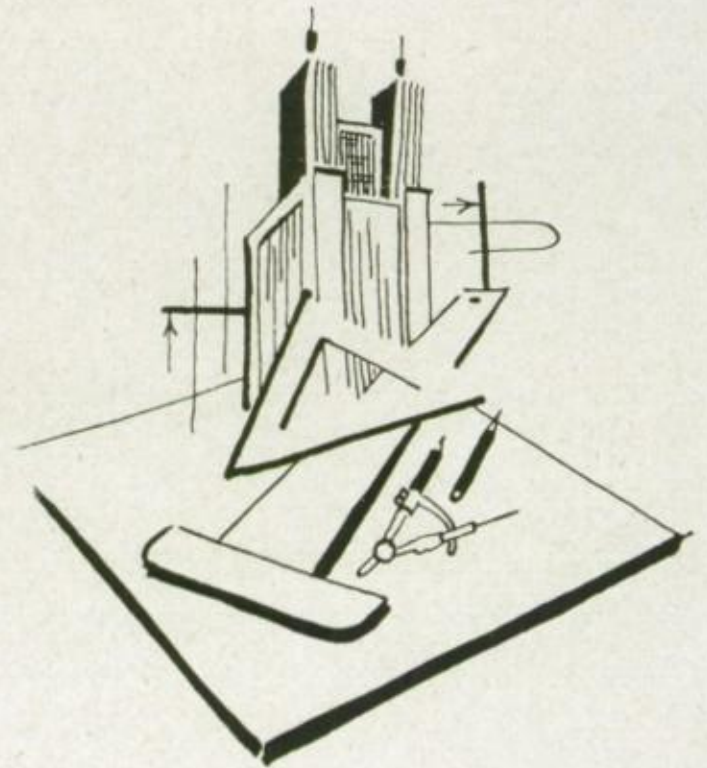

4A ARCHITECTS

OFFICERS

President	Graczyk
Vice-President	Grimelli
Secretary	Meyer
Treasurer	Kasiurak
Sgt.-at-Arms	Yaccino

THESE boys have gone through four years of training in the construction and designing of buildings. They have covered everything from small homes to large apartment buildings. The club members entered the Chicago Home Design competition and won one honorable mention of which they can be proud since there are a small number of club members.

The boys are grateful to the guidance they received from Mr. Piper and Mr. Lyon, for they now are ready to continue their work in architecture in college.

THESE boys are interested in gaining appreciation of fine art. They looked forward to College Day at the Art Institute when they toured this famous building of fine architecture. This was the only trip taken by the club this semester, but in the future they plan to tour other galleries where they can see the masterpieces of the world. They, too, some-day would like to have some of their paintings hung in one of these galleries.

Concert Band

OUR "school of champions" not only contains a great athletic department but also a fine musical department.

"The Lane Concert Band, under the supervision of Captain Gardner P. Huff, is again a championship organization." This statement seems to be a duplicate every year, for this group has been accomplishing great deeds ever since it became a part of Lane.

Annually the band, a select group at present consisting of 97 members, is very active in concert programs and also in city competi-

tion. The city competition, in the form of a band contest among various schools, occurs in the spring of each year and is considered a high quality form of entertainment as well as competition.

Recently, such compositions as the Slavonic Rhapsody, Morning, Noon, and Night Overture, and the Finale of the New World Symphony have been performed on concert programs. Such fine pieces of art will always encourage amateur musicians to continue firmly, deeply into the field of music.

Symphony Orchestra

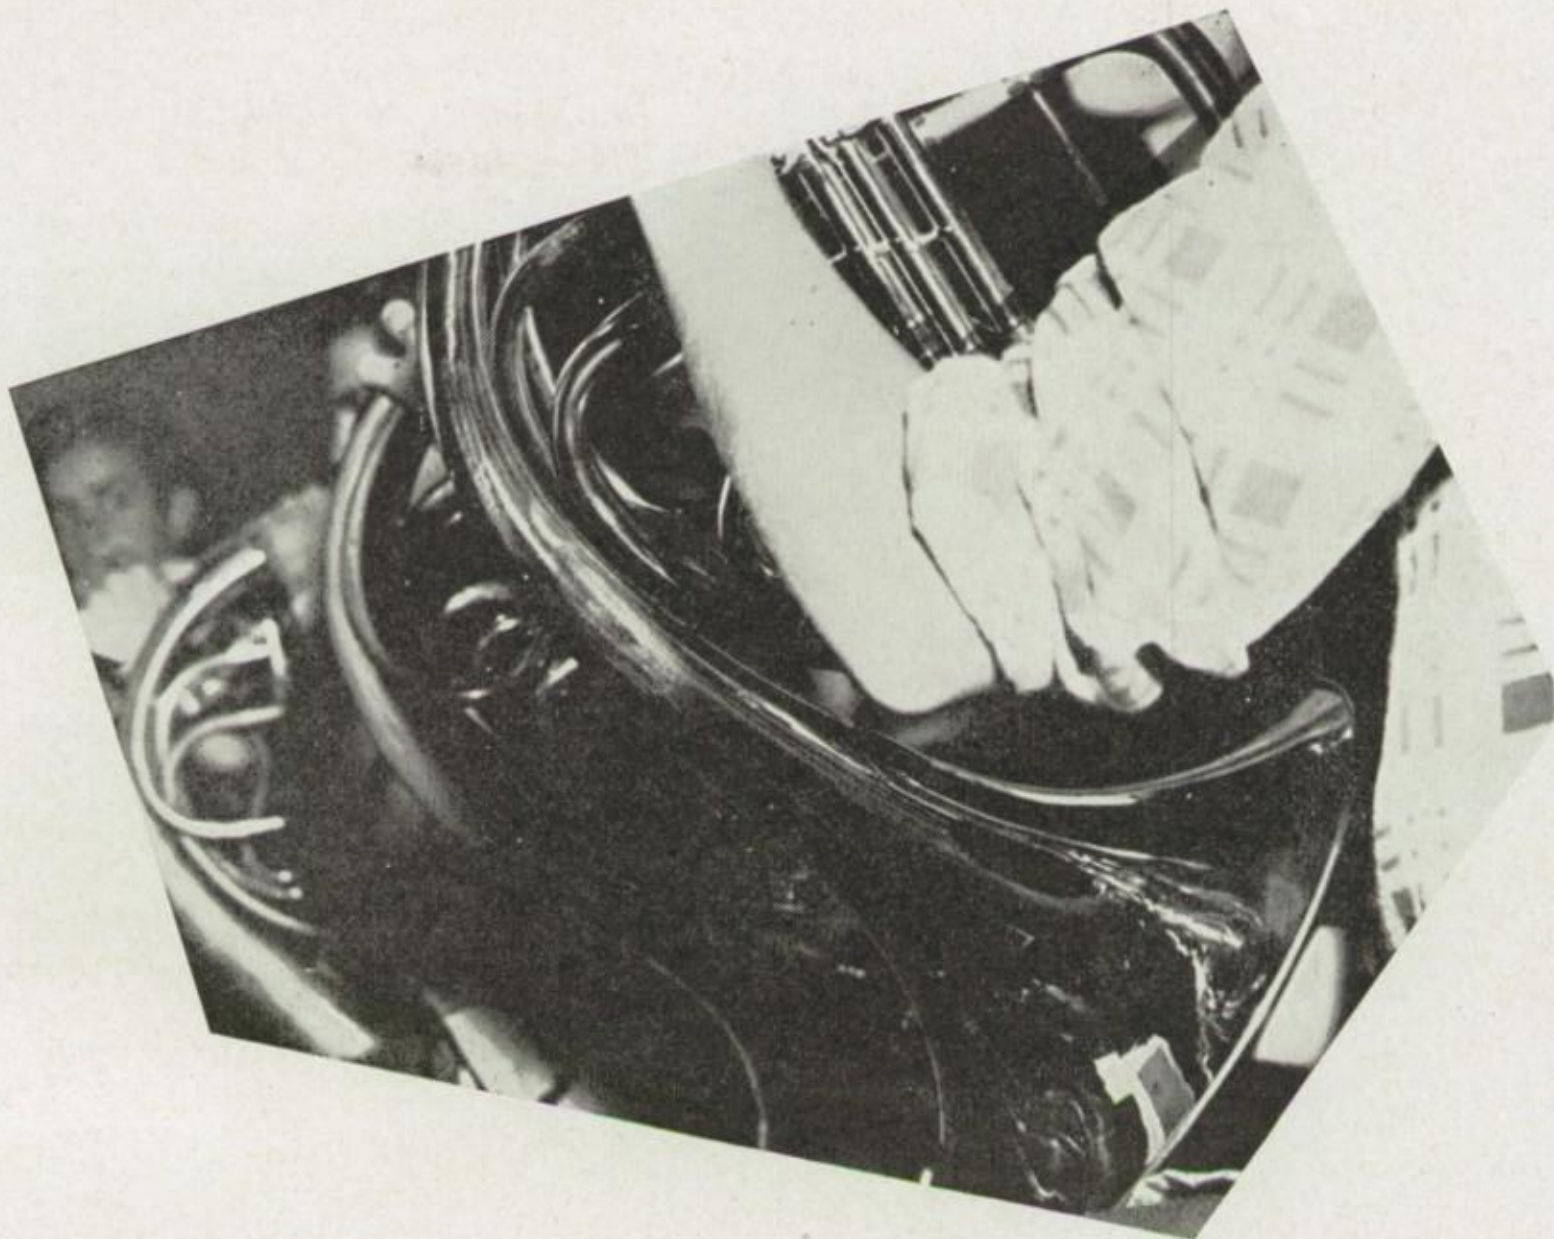

Superior Performance In the Fine Art Of Creating Music

THE Lane concert band is shown here shortly after the very successful 48 semi-annual concert. Mr. Schneider, the director, and the orchestra are now looking forward to winning another group 1 superior rating in the Chicago public high school orchestra competition. If the orchestra is again successful it will be the twenty-eighth time in twenty-eight years of the competitions existence that Lane has won first place.

The orchestra is one of the activities of the music department and its fine performances are a result of the diligent efforts of the music department teachers. Many members of the orchestra enter Lane with little or no musical education and the music teachers are happy and proud that these students can achieve greater musical knowledge and enjoyment because of the orchestra.

BUDGET

Tanhauser,

Mr. Clasen,

Gibbs.

"SIXTY CENTS!" cries your division teacher, and immediately everybody clutches his purse and screams, "What for? Where does this money go?"

To begin with the money collected goes to pay for the covers on your text books and for the printing of the Lane Daily. Numerous charities are benefited by your sixty cents also.

Naturally with all this money to be distributed Lane must have a committee to handle it all. That is the job of the Lane Budget Committee. Its main purpose is to collect the sixty cents from each boy. It must also distribute the book covers and keep records of all receipts and disbursements.

This semester Ronald Gibbs was the president and Mr. Clasen the faculty sponsor.

AT THE click of the shutter another scene of beauty is recorded on a negative. The Lane Camera Club, under the guidance of Mr. Hagey, is on the job. The shutterbugs spend their time on the study of photography, gathered from valuable books. However, they gain more by the actual experience. They get

that experience when they go on one of their trips into the field. The boys take pictures on this trip and the whole event is enjoyed by all.

OUCH! This is the familiar sound heard in our sickroom, better known as the Clinic. It is under the supervision of Dr. Koch and a group of boys well versed in first aid. Each period of the day there are two members in charge, a clinician and an intern, under the supervision of a faculty member.

The clinic is greatly indebted to the student council for the funds which are needed for the upkeep of the clinic, and for the cooperation it receives from the council.

Outstanding events in which the staff participates are tours to various hospitals and institutions such as, County Hospital, State Hospital for the Insane, The Museum of Science and Industry, the morgue, and Illinois Institute of Research.

Preparation for an Artistic Career

Artist at work

THE commercial art room is always as busy as a beehive. The artists here supply Lane's hungry presses with a steady stream of fine artwork. This group is taught layout, basic design, figure work, poster design and many other forms of art which will aid them greatly in becoming finished artists. Some of the work done in this class enters nationwide competition and it always claims a large share of the top honors.

The class has gone on tours through the best professional studios, art schools and museums. From such tours the boys gain information which they use to keep our art classes on a level with the best.

ONCE again Lane has a choral group composed of boys who appreciate and enjoy singing. It is under the direction of Mr. Lombardo, the new chorus teacher at Lane. It was in 1949 when the last chorus, known as the "Barber Shop Singers," was discontinued.

Already the first semester of singing has been a success due greatly to the interest the boys have shown by staying extra periods after school to practice. This helped greatly

to make their debut at the concert presented by the Lane Music Department a huge success.

THIS is a service organization. The duty of the hallguards is to regulate student traffic in the corridors and on the stairways at passing time. They remind boys to keep the noise at a minimum while in the building, check for unlocked lockers, inspect washrooms, and keep corridors clean.

Special groups are assigned to the lunchroom, parking lot, and to the roving patrol, which has jurisdiction on the campus. The members have special meetings during which they receive orders and have their duties explained.

HONOR SOCIETY

OFFICERS

President ----- William Meyer
 Vice-President ----- Thomas Lampert
 Secretary ----- Robert Gutberlet
 Treasurer ----- Ronald Masters

THIS is one group of boys who need no introduction. The Honor Society is that select group with a 90 average or better in grades. The qualifications are simple—a good average and an honor project for the betterment of the school. Another feature of being a member of the Honor Roll is the distinction of wearing a gold tassel at graduation. In the future the freshman and sophomore should start early to achieve this goal in their four years at Lane.

 Row 4. Wuerstle, Noecker, Howe, Johnson, Schulty, Voelz, Baschiere, Cohon, Gapp, Cottingham, Hendershott.

The organization is known nation wide and offers many advantages to its members. Probably the most important one is the enhancement of one's opportunities in after school life, whether it be continuation of his education or finding employment. In employment, the honor society student will almost immediately find his benefits—promotions and higher salary. If in college he will find wider and more select number of subjects open to him because of his high school ratings.

At Lane the one person charged with the responsibility of directing and consolidating the Lane chapter of the society so that it runs efficiently is Mr. James Hunter. He advises, assists, and stimulates the interest and ambition of non members as well as of members. He keeps in contact with agencies that in any way provide scholastic opportunities for Lane students.

CLUB

OFFICERS

President ----- Thomas Lampert
 Vice-President ----- Robert West
 Secretary ----- Robert Hoppenrath
 Treasurer ----- Leroy Roltgen
 Sponsor ----- Mr. Browne

COMPOSED of outstanding students at Lane, the Key Club is striding forward to higher goals and achievements. This is a service club, sponsored by the Lakeview Kiwanis Club, striving toward improvement of the school and community.

The club is now going full blast under the leadership of Tom Lampert, who is filling the job perfectly. This group is made up of students high in scholastic abilities, leadership traits and participation in extra curricular activities.

However, not everyone with a high average may be a member of the club. A boy who is a member must first be nominated by a teacher and must then take a test. Only thirty-six boys are admitted to the club each semester, at the most. After having completed their test they are notified whether or not they have passed. They must then be admitted by or have the approval of a Membership Committee.

PAN - AMERICAN

PROBABLY one of the oldest clubs at Lane is the Pan-American Club. It is composed of students taking Spanish as a major. The members of the club, however, do not consider Spanish as a class subject. They wish, rather, with their knowledge of the Spanish language, to become better acquainted with our Latin-American neighbors. Through the sponsorship of Miss McBee, Mrs. Wing, and Mr. Lutzen, this is achieved with movies, lectures, and various other programs.

The high-point of the semester is the fiesta, a day looked forward to by all the Spanish students. It always proves to be an excellent means of becoming better acquainted with our neighboring señoritas, girls of other north side schools who also take Spanish.

This year's affair called "La Fiesta de los Vecinos Buenos," (good neighbor fiesta) was in honor of Mexico, and was given on Dec. 12, in gym 1. Refreshments were served and the music was furnished by Lane boys from the music department. The gala event was thoroughly enjoyed by all the señoritas and señores.

"GET the presses going, we have to be out by the end of the month." This is what you would probably hear if you were to go into any one of the print shops.

The Lane Tech Printers' Club is one of the largest and oldest organizations at Lane. The total number in the club is 185. These boys

have gone on tours to some of the larger printing concerns here in Chicago.

The Printers' Club works on all the high school publications. This includes the Daily, which comes out daily, the Tech Prep and the Annual, each published once a semester.

“CURTAIN going up, last act.” The Mask and Shears scores again with another smash hit. Year after year this fine dramatic association puts on great plays. The play usually is a comedy and is always enjoyed by the students of Lane. This semester the play was “Easy Come, Easy Go”. Under the direction of Mrs. Weber and a fine cast of players this play was a huge success.

WHAT mysterious powers help to carry Mr. Thue's voice over the P.A. unit into your class rooms? The answer to this question is known by the members of the Lane radio club, one of the most active clubs at Lane.

The club's purpose is to prepare its members to take the government radio amateur license test under Professor Kulieke, the sponsor. The theory of radio is given to groups of members in a progressive manner, based on the semester of the individual's membership of the club. A branch of the club helps some of its members learn the radio-telegraph code.

Members also have outside experiences such as operating the P.A. unit, and from time to time they are permitted to operate the radio transmitter in the station W9WKR.

Inventors of the Future

THE Lane Robot Club is made up of a group of boys interested in Physics. Membership consists of Juniors, now taking the subject, and Seniors who have had it. The club interests itself in the design and construction of various automatic devices which are often classified under the name of robots.

The club has been active for many years and in that time has constructed many devices. Several of these devices were exhibited at the recent Chicago Science Fair, and won a number of prizes.

Any boy interested in exhibiting some device is urged to contact the club, and make use of the tools and personnel in perfecting his exhibit.

ROLLER derby stars of the future—that's what some of the members of this fine club will turn out to be. The Roller Club is one of the oldest and finest groups at Lane. The club has an annual skating party, beside having a hayride and other social events. From this group comes a fine racing team which is made up of the fastest skaters in the school. Students interested primarily in skating should join this fine club.

"THEY'RE having a whooping time" is a familiar phrase heard when all the members of the Sioux club congregate to have another of their meetings. Everybody is out for fun and they get it.

The main purpose of the club is to develop mature character through a series of planned activities, in which everyone has a good time. Some of the activities in which the boys participate are discussions, lectures, athletics, and socials.

The boys meet at the local "Y", and under the sponsorship of Mr. Fossler and the direction of its leaders, it is sure to become more popular.

"YAHOO," and they're off,—off to Sportsman's Stables for their weekly ride. Yes, the Spur and Saddle Club is off again, and to a fine start too, this semester. If you like to have fun on horseback, this is the club for you. Though there isn't much open country around here, the members of the club will always have the scenic trails of the forest preserves. You'll find also that these hardy Laneites ride in all kinds of weather.

The amateur equestrians enjoy such invigorating excursions as weekly two-or three hour rides with occasional social rides added. Other activities such as hayrides, wiener roasts, and horseshows are also included. Incidentally, Lane took eight out of a possible fifteen places against several other schools in last year's horseshow given by Sportsman's Stables.

To find out more about the club, come down to one of the meetings on Wednesdays in room 111 at 2:45. Riding is on Thursdays. Everyone meets in front of the clock-tower. A rider's license is required to ride in the forest preserves. So all you equestrian enthusiasts, "Tally-ho."

YEARS ago our ancestors fought a war so that all of us might have a part in the way we are governed, regardless of race, religion, or wealth. Lane, in keeping with that tradition has developed the student government so that students may voice their opinions in the way the school is run.

The main purpose of the student government is to be advisory to the administration, create new interest in the school, and give the fellows a chance to present their views. It is also in charge of the student court, the "L" committee, and the budget committee.

The outstanding events this year were the open house, and the conventions in Springfield and Peoria.

STUDENT COURT

Many Laneites at one time or another have encountered the powers of the student court. The court, which is very efficient in dealing with offenders, is in close collaboration with hallguards who report any offenses in or around the school. Members are selected by the student council and must hold "G" or better average. The court is composed of justice clerks, and runners. The court has power to judge seventy three minor and major offenses.

These boys are out on the street to keep the boys of Lane alive and are doing a good jib at it, by not allowing an accident since 1934.

The boys work from 7:30 to 8:00 in the morning and from 2:45 to 3:00 in the afternoon. They are out there for everyone's protection. If everyone cooperates with them the record of Lane will be perfect for another quarter century.

From Pencil to Print, Everyone Cooperates

THIS publication is the harvest of much stress and labor. It is the graduate's catalogue to his senior year.

One little realizes the amount of effort and hustle which goes into the production of a yearbook such as this one—the sports, activities, business, and photo editors each have their respective sections to finish—all responsible to the Editor-in-Chief. All sections work together as a huge machine guided by the sponsor. As fast as the written material is edited the art staff goes to work. All the art work is done by the commercial art classes, all of which are composed of boys who plan to con-

tinue their careers in art. A splendid job is always turned out for the book. The copy, layouts, and all miscellaneous technicalities are then sent to the Lane print shop where the book is rolled off the press. All of these operations are done wholly by the students. This is rarely the case in student publications throughout the country.

The Tech Prep has consistently won the All-American and Medalist awards respectively from the National and Columbia Scholastic Press Associations. These are the highest honors given to student publications.

Getting All The News

FEW schools are as fortunate as Lane Tech in having a daily newspaper. The Daily is a four-page newspaper printed and published by the students of Lane Tech School. The staff of this year's Daily were as followed:

Editor-in-Chief	-----	Eugene Brott
Associate Editor	-----	Jerome Bold
Managing Editor	-----	Arthur Blonder
News Editor	-----	Stanley Brown
Editorial Editor	-----	Robert Matthei
Feature Editor	-----	Gene Jaskulka
Sports Editor	-----	Robert Forslev
Sports Editor	-----	William Gapp

This semester the staff members with the help of their two sponsors, Mr. W. Kuecker and Mr. D. Morrissey, have the proud record of putting out a good Daily every day. Because of their hard and earnest work on the Daily it has shown variety and quality throughout the semester. Every morning the editors meet in the Daily office to dummy up the pages. Before this is done, though, the copy must be written, linotyped, put on galley sheets, proof read, corrected, checked again, and then proof sheets must be made ready for dummyping. This is all entailed in the putting out of the Lane Daily.

ALL ROTC cadets of Lane High School are justly proud of the Lane regiment. It is not only the largest in Chicago, but is the largest junior ROTC unit in any public school in the United States. At present it has forty-three cadet officers and the city's largest group of military instructors.

The Lane ROTC was first organized during World War 1. It was known as Lane regiment of the high school volunteers. In 1919 it became a part of the newly authorized Reserve Officers Training Corps.

The ROTC gives basic military training to the cadets, but its main purpose is the development of better citizens and civic leaders. Among the activities in the Lane ROTC are the crack drill platoon and the rifle team. The regiment also participates in various civic ceremonies and parades, including the Cadet Day parade held annually in June. The high point of the year is the annual federal inspection. All ROTC units are inspected near the close of the school year to determine their

federal rating for the year. For many years Lane has achieved an honor school rating.

With a growing enrollment and an excellent staff, Lane regiment shows promise of again reaching the highest standards for this coming year.

Measuring Up!

REGIMENTAL STAFF

THE regimental staff of Lane regiment is headed by a cadet colonel. This semester he is Cdt. Col. Robert Hoppenrath. His job, as commanding officer of the unit, is made easier through the assistance of his staff. The second in command of the unit is the executive officer, Cdt. Lt. Col. Robert Waelde. He has general supervision of the rest of the staff, under the direction of the colonel. The remainder of the staff consists of the adjutant, intelligence, plans and training, and the supply officers.

The adjutant S-1, is Cdt. Major Robert Erickson. His main duty is preparation of bulletins and special orders, and supervision of matters pertaining to the records of all R O T C personnel. He is assisted by Cdt. Lt. Raleigh Bond who is at the head of the R O T C publicity group.

Cdt. Major Donald Mentzel is the intelligence officer S-2. He has charge of various records of the regiment. Plans and training schedules are prepared by Cdt. Captain LeRoy Johnson, the regimental S-3. Cdt. Major Arthur Kaufman, S-4, is the supply officer. He and his assistants are responsible for the

Inspecting the Files

issuing of uniforms and supplies to the cadets, as well as storage of all equipment.

This staff, the leaders of the regiment, are responsible under the military instructors for all the activities of the regiment. It is through their efforts that the Lane R O T C stays on top in the city of Chicago.

RIFLE TEAM

ONE of the outstanding teams at Lane is the R.O.T.C. rifle team. The main purpose of the team is to develop shooting knowledge and skill among those who are able to qualify.

The outstanding matches during the year are the City Championship, 5th Army and the Hearst Trophy matches. Section winners in the city matches are determined by a series of matches within each section. The two top teams in the section then fire in the play-off matches for the championship. The 5th Army and the Hearst trophy matches, which are fired in the late winter, can lead to national recognition.

The officers of the rifle team are:

President ----- Walter Johnson
 Vice-President ----- Philip Wittlinger
 Secretary ----- Fred Proudfoot
 Treasurer ----- Frank Ventresco
 Sgt.-at-Arms ----- Ronald Parat

The first round of matches, fired this semester are as follows:

Sullivan at Lane -----	Nov. 1
Waller at Waller -----	Nov. 8
Wells at Lane -----	Nov. 15
Senn at Senn -----	Nov. 29
Lakeview at Lane -----	Dec. 6

Lane has won the city rifle team championship five times since the competition began in 1926; winning years were 1931, 1933, 1934, 1946 and 1950. In addition they finished second five times and have never finished lower than tenth. Also, in 1934 Lane went on to win the Sixth Corps Area match, and the Middlewest Championship in the William Randolph Hearst National Rifle matches.

M/Sgt. Paul Kuhlman this year has charge of rifle instruction.

THE crack drill platoon is one of the most honored groups in the ROTC at Lane. These cadets are about the best looking and best drilled in the entire ROTC.

The platoon is made up of twenty-nine cadets, a platoon leader, and a prompter. The platoon leader keeps the platoon in order and up to date on all movements and facings. It is the job of the prompter to assist the platoon leader with his commands.

It takes about nine to nine and one-half minutes to do a prescribed drill, the platoon is given ten minutes in the competition. The

MILITARY BALL COMMITTEE

THE gayest and most enjoyable event of the winter for the ROTC has just rolled by. The Military Ball, which was held this year at the Evanston Women's Club, was a huge success, as it has been in the past. All the fellows had on their medals and decorations, with all of their brass highly polished, and the girls wore their prettiest evening gowns and lovely corsages.

The highlight of the ball was the grand march, culminating in the presentation of a saber to Cadet Col. Hoppenrath by Colonel Warren, PMSET of the Chicago high schools. The music was furnished by Paul Meeker and his band.

The fellows are already looking forward to the spring "hop", which will be held in May.

THE parade is about to begin. The cadets are lined up and ready to go. The music starts, "Forward, MARCH!" is heard, and all feet begin to move. Out in front, four cadets carrying two flowing flags lead the procession. They are the Lane color guard!

The Lane ROTC color guard is one of the smallest organizations of the ROTC at Lane, and under the direction of its sponsor, Sgt. Crawford, the military instructor, and its cadet officer, Cdt. Captain Phillip Gullo, it has become one of its finest. The sponsor's job is to arrange the guard's outside activities and plan its training, and the cadet officer's duty is to drill and train the old and new members.

The cadets of the first string are:

National Bearer ---- Cdt. Sgt. Henrey Krist
Regimental Bearer -- Cdt. SFC Pete Samorez
Rifle Bearer ----- Cdt. Bill Nona
Rifle Bearer ----- Cdt. SFC Ronald Parat
Alternate ----- Cdt. John Baczynski

THE COLOR DETAIL

ON THE Addison Avenue side of our school, where all who pass may see, flies our greatest symbol, the American flag. Each school day it waves there, proud and beautiful, symbolizing the greatness of our land.

The flag does not fly there at night, however. It must be lowered every evening after school, and raised again each morning. This is the specific duty of the Lane Color Detail.

Every week a cadet officer is selected for the Color Detail. He, in turn, picks two non-coms (Sgts. to you) to assist him. For one week they shine their brass and report here each morning, and again after school to fulfill this duty. It isn't the easiest detail, as most cadets know. As they raise the colors smartly or lower them slowly they see friends and schoolmates having fun as they arrive or leave for home. However, when they see their flag flying gracefully in the breeze, they realize they have had a great privilege and honor, and are proud to have been able to assist in raising it there.

Military Strategists

LANE Regiment, ROTC, the largest unit in the city, also has the largest Staff of Instructors. At the present time there are eight, although Sgt. Crawford expects to leave before the end of the semester. The instructor staff is headed by Major Arthur B. Batty. The major, a native of California, served in Europe during the war. After a brief tour in the States he returned to Europe for occupation duty until 1948. In fall of 1950 he was assigned to Lane with the title of Asst. PMS&T. He is also District Supervisor with seven schools under him. His hobbies are hunting and fishing, as well as the collection and repair of old firearms, on which he is an expert.

Captain Byrnes, who served during the war with a Tank Destroyer unit, came to Lane this fall from Amundsen. The captain is one of the instructors for the first year group (freshmen), and is also working with part of the Rifle Team.

MILITARY BAND

THE Lane military band is one of the well-known organizations of Lane. Anyone who has attended the football games is familiar with work of the military band. It ranks among the best in the city in its performance, not only in its music, but also in its marching. Much credit for its abilities goes to its director, Gardner "Cap" Huff and its field commander, Captain R. Warneke.

In its appearance the band is a champion, and is one of the few organizations in the city which wear the white accessories, helmets, West Point type belts, and leggings. They wear this distinctive equipment with the approval of the R.O.T.C. with which they work hand in hand. This is their fourth season with the white accessories and they look forward to many more.

The military band's chief function is to perform as a uniformed marching organization at services or ceremonies.

The cadet officers of the Lane military band are:
Captain—R. Warnecke

SPORTS

AS the Indian chieftains led their braves into battle, so the captains of Lane lead their respective teams in the different sports. Although they do not always emerge victorious, they give their best and show fine sportsmanship and conduct in the field, thus displaying the championship qualities for which our school is respected.

THE 1951 grid eleven started out slowly and really picked up steam as the weeks passed. The first game was a tough one to lose to a fine Austin team. A Lane touchdown drive was stopped in the last quarter and the result was a 19-13 triumph for Austin.

The varsity moved over and let the third stringers and Frosh-Soph take care of Roosevelt and Sullivan. Then came the big game which turned out to be a miserable defeat. Schurz should have been beaten by three touchdowns but the team could not get going.

The Indians shellacked Waller the next week, and really showed championship material as they stunned a Taft team (which had beaten Schurz) by licking them by a rousing 52-7 score. Senn, too, was given the same medicine in a 47-0 rout.

Then came the quarter-finals. Austin was our opponent. The gridgers still remembered the defeat earlier in the season, and they were determined it wasn't going to happen again. They went out with the old Lane spirit and on a mud-drenched field battled to a 0-0 dead-

lock. A touchdown drive was halted late in the 4th quarter which would have given us a victory. Both teams could not advance to the semi-finals so a coin had to be flipped. Our co-captains called the toss right and we were on our way to the semi-finals. Bedlam broke loose as the fans rushed out onto the field to congratulate our conquerors. The sad part of the game was the injury to Jack Sopkin. This hampered our championship bid very much.

Lane	47	Senn	0
Lane	0	Austin	0
Lane	7	Harrison	6
Lane	14	Lindblom	25

The Indians went out the next Saturday and won the Harrison game for Sopkin. Once again the gridders played a fine game. In the finals we faced a spirited Lindblom team. With most of the hard running backs out, the gridders put up a great battle before falling to the Eagles.

Many regulars and able replacements will be back next year. The loss of Jack Sopkin, Pat Albanese, Jack Healy, Bob Gutberlet, Don Semple, and Roger Hollinger will be felt very much. These boys were always out there with the spirit and determination to win for Lane.

CITY CHAMPIONS OF 1951

OUR Lane Ironheads concluded the season receiving the city championship for 1951. The Ironheads under their yearling coach McDade added once again a trophy to Lane's collection of championship athletic awards.

Displaying mid-season form they defeated an outstanding Oak Park team to begin a season of eleven victories and one tie. In the opening game a veteran varsity halfback, Wally Sifferman, was injured and declared unable to play the rest of the season. The team with Rickert as a replacement recovered to whip Schurz 4-0. Lane afterward rallied to defeat a strong McKinley team 7-3, then tied a skilled Crane Tech team 2-2. The Ironheads then exploded Von Stueben 17-0, and concluded the season with six shutouts in the last eight games, defeating Marshall 8-2, Schurz 8-0, McKinley 5-2, Crane 7-0, Von Stueben 7-0, and Marshall 8-0.

To prove championship ability they defeated Morton 2-0, champions of the county Suburban league, to gain the state title.

Co-captains Bob Reda and Joe Marshall led a rugged defensive and offensive team consisting of Pearson, Psalidas, Sabik, Kownacki,

Anderson, and our skilled fullbacks Farago and Ridell, with All-State goalie Harrington.

All-city honors were awarded to Reda, Marshall, Psalidas, Kownacki, and Harrington. All-state honors were awarded to Reda, Marshall, and Harrington. Co-Captain Bob Reda was selected best all-around soccer player of the year.

SENIOR BASKETBALL

Hidden Ball Trick

A FAST break and they're off, a two one one, and Lane scores again. This year's team has the making of city champs, being led by our two returning lettermen, Wally Mruk, and Ron Nikceovich. These two outstanding veterans are backed by Bob Wollard, Ron Lakin, and Bob Striedl, all of good standing and ability. Wally Mruk, our returning letterman and captain, was last season's second highest scorer in the league, averaging twenty-eight points per game.

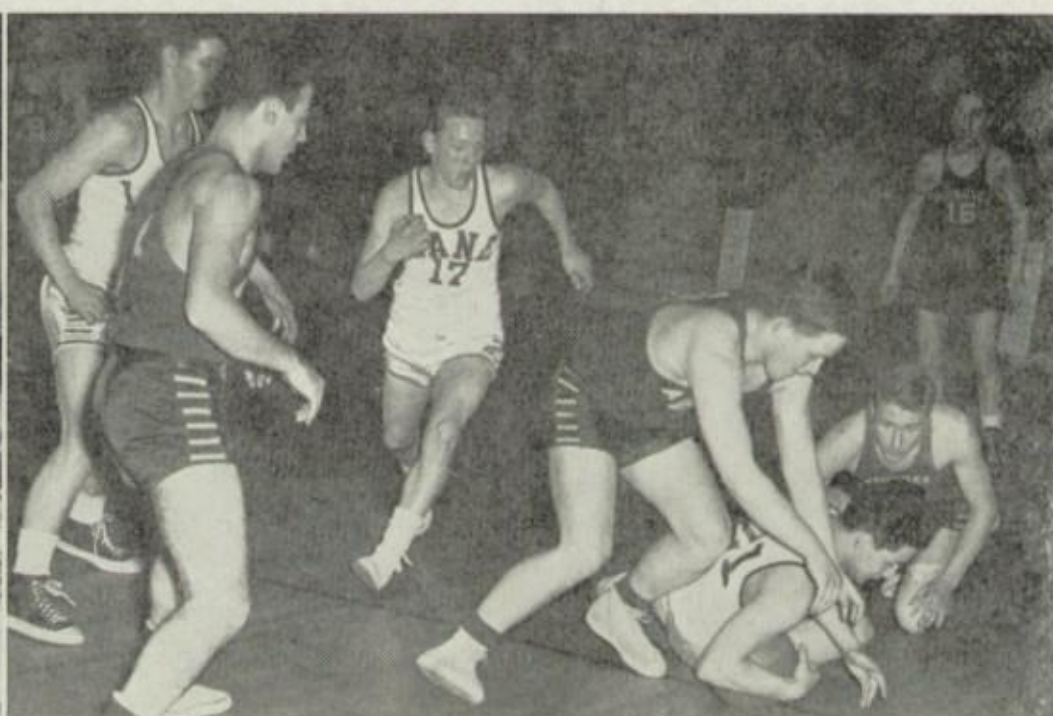

The team, suffering a loss through graduation, has been well prepared to meet the challenges awaiting them this season. With great spirit and team play they are capable and deserving of this year's city title. Coach Umbright has put forth great effort in this squad and is hoping for his best season at Lane.

For next year's team the coach has a good string of reserves. They are Pat Murphy, Jerry Rutherford, Joe Marshall, Joe Wild, Batkoff, Bucholz, and two who will be eligible at half season, Jerry Niedermaier and Rozmus.

JIM THROPE FIGHTS CANCER

Some 63 years ago was born one of the greatest all-around sports heroes on an Indian reservation in Oklahoma. Yes, it is Jim Thrope who is now in the Philadelphia Hospital in a private room because he is flat broke.

Metra - Goldwyn - Mayer paid \$50,000 dollars for his life story back in 1931 and none is left.

Jim who is fat, aging has, greying hair and deep wrinkles won the All American honors in 1911 and 1912. In 1912 also he won the Olympic but his were taken away because of professional. He played with a minor league in the summer of 1912, and his wife changed to show no more.

THIS season has been a successful one for Coach Farber's harriers. The boys did well in dual meets with other schools; and in the city cross country meet they took second place losing only to a strong Englewood team. Due to the fact that many boys could not run in the Sun-Times meet, the boys took a fourth place. Schimpf took third place individually. Out-

standing boys during this season were Capt. Miholitz, Mundt, Edelmann, Hormann, Frazier, and Fagerberg. These boys will not be back next year. Schimpf, Richter, Freeman, Lienert, and Morowski are the nucleus of next year's team when Coach Farber will be out to take first place.

GYMNASTICS

OUR Lane gym team is in its second year under the supervision of the new coach, Mr. Buchanan, and the group has had a successful season. The gymnasts are in the best of form, and all the boys are working hard to capture honors in the meet at the University of Chicago which is held annually in April.

Before!

The team is divided into three groups: championship, intermediate, and novice. The championship group is composed of the three best men on the team. The intermediates are the boys who have shown their ability to a certain extent and are in good form; and the novices, as the name reveals, are the beginners. They must be under the age standard of seventeen in order to qualify for the class.

With hard work and team spirit this year's team will venture to bring additional honors to the School Of Champions.

IT'S an old saying that you can't win all the time, but that does not seem to apply to the Lane Tech swimming teams. For more than sixteen years they have remained undefeated in the Chicago public school league, and have won sixty-four consecutive city championships.

The string of victories dates back to the time in 1934 when Lane first opened its doors. Before the first year had gone by Lane won a junior city championship, right here in our own pool. That was the only time the city meet was ever held here because of the poor accommodations for spectators. The senior team finished second to Englewood that year, and in the fall meet in December 1935 the juniors won again and have continued to win ever since. If they win in December they will have completed seventeen years of continuous championship and will possess thirty-four junior championships in a row.

It took the seniors a little longer to get going but by the spring of 1936 they had won

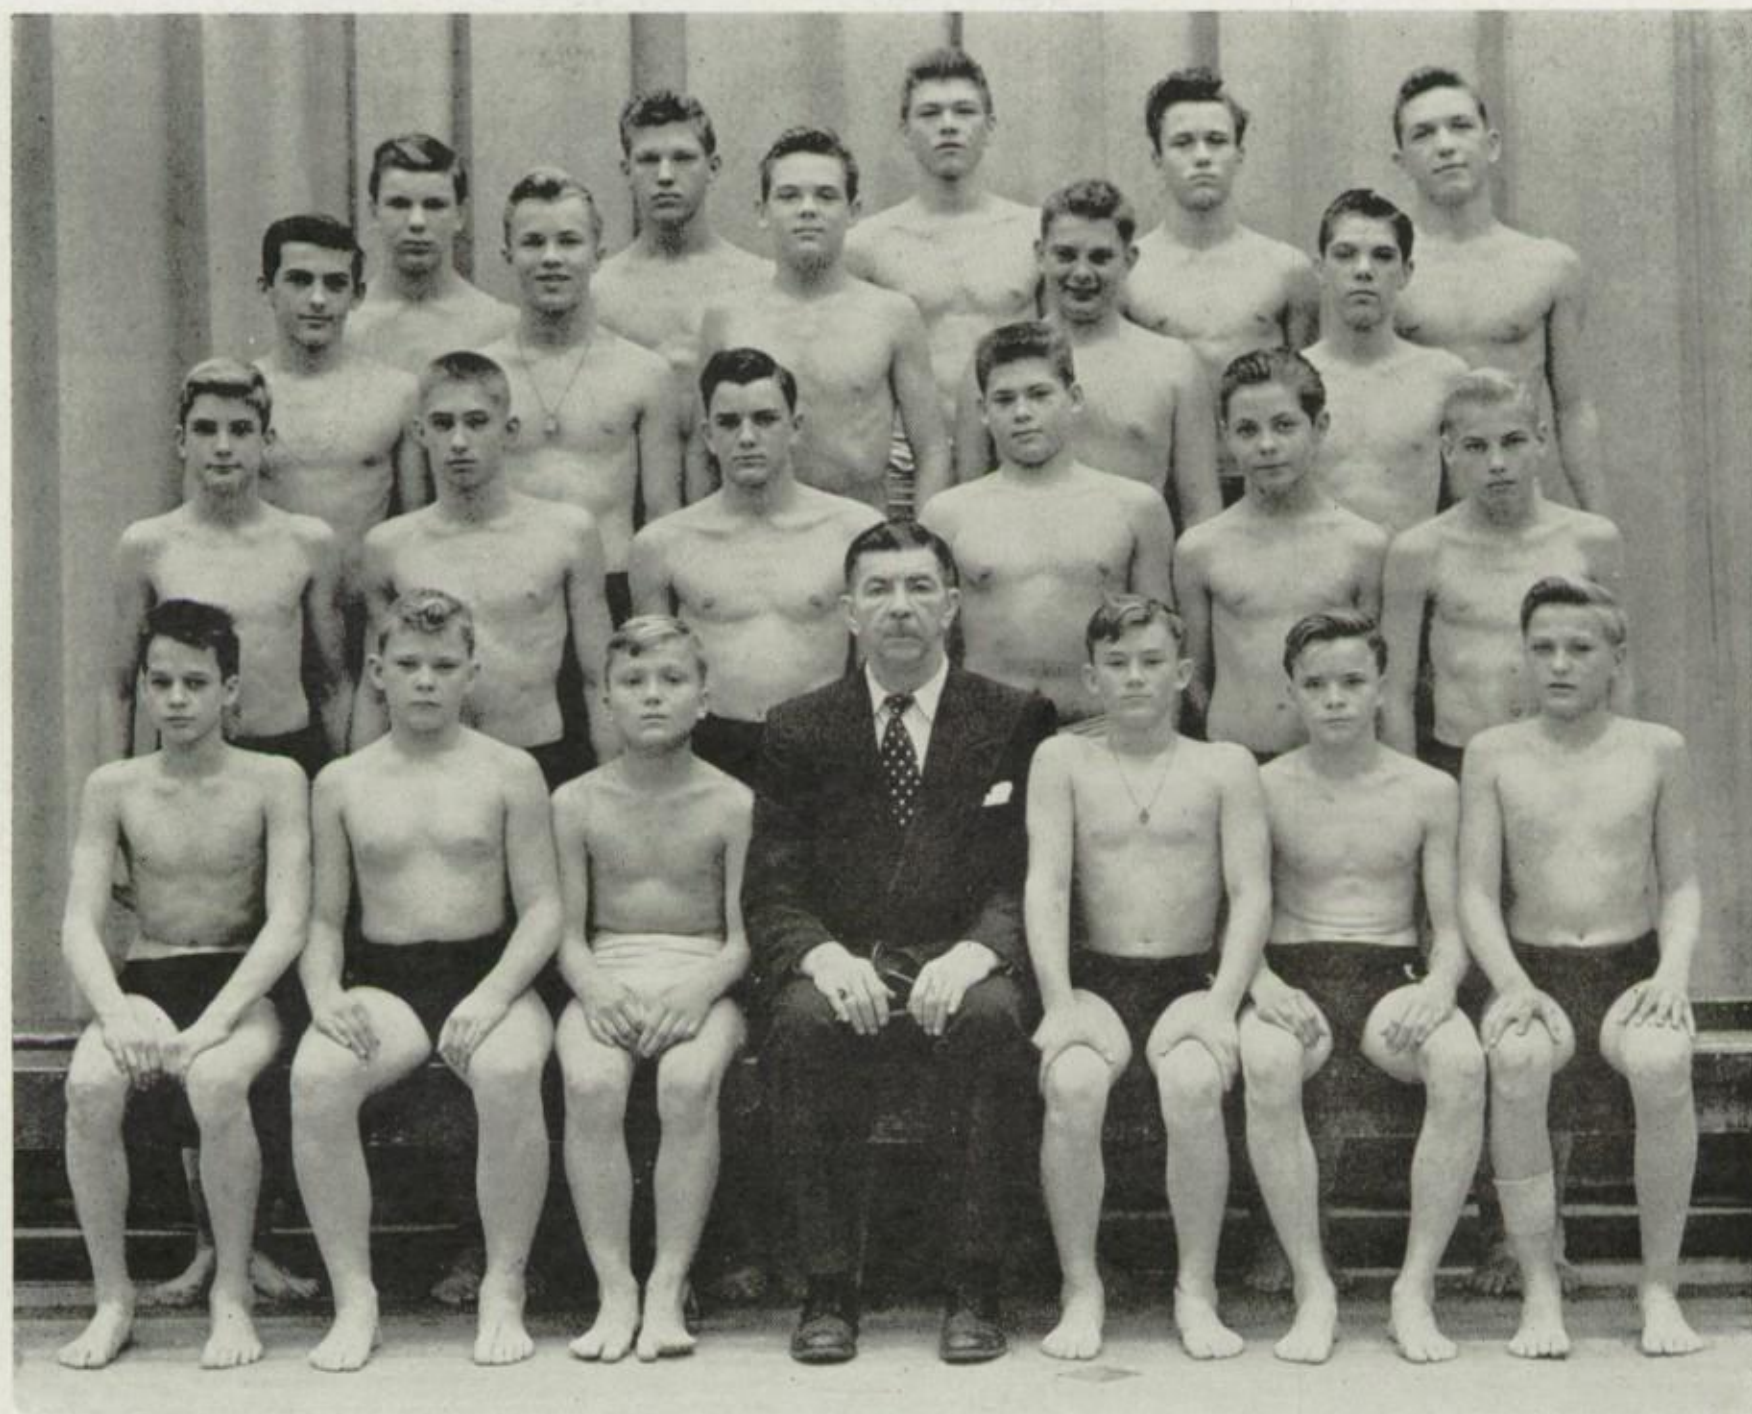

their first victory in the city championship, and they have continued to win each one since, two each year, for 16 years.

Not one of the boys on the present junior team had been born when the juniors won the first of the string. The seniors will be competing for their 32nd consecutive championship.

Lane has won state championships too, nine times—1938 thru 1947—except 1944. In 1948, an adverse decision in the medley relay gave the meet to New Trier High School and since that time Lane has never been up to the quality necessary to win the state meet.

This year's senior team is perhaps the weakest in many years but day by day it is growing in strength and should be ready to win the city meet in December. This year, for the first time, the seniors are in the underdog position and will have quite some trouble with South Shore, Tilden, and Schurz.

The juniors are led by Capt. Pavlis, Blackmann, Kerschhackel, who are in the freestyle. With men like Winkle, Johnston, Glaesman, Hume, Neal, Janek, Magierek, Albach, Holtz, and Beutler, the juniors will be out, and in all probability will defend the championship.

THE usual cry for help and the series of splashes heard in some beginners' swimming classes are probably never heard at Lane.

Today student lifeguarding is a part of the school day. No longer is a person's ability based on the number of rescues he makes during the semester, but on how long a period can pass without having a call to rescue a person in distress.

A standard Red Cross test is given which includes written and oral sections and which will enable the person to qualify for the badge.

Mr. Pegel, who started his career at Lane seventeen years ago, has done a splendid job of training good lifeguards for our student safety. He started his life saving instruction in 1920 in public and private pools. In 1934 he started at Lane with Coach John Newman and Dr. Koch. These three have been together ever since and have produced many great champions for the School of Champions in their respective fields.

One of the most recent instructors to join the staff is Coach Schaefer.
